MacGregors Industrial Group

macgregorsindustrial

MacGregors Industrial Group is a multi-discipline manufacturing, supply, and service business headquartered in New Glasgow, Nova Scotia, Canada. In business since 1976, we've grown from humble beginnings as a local machining repair operation to become one of the leading industrial contractors in Atlantic Canada.

We built our business around understanding customer needs and expanding our product and service offerings to meet those needs in a customer centric fashion. We take exceptional pride in the quality of service that we offer and the products we produce. As a family-owned business, our staff of 100+ full-time employees share the same values that the company has been based on since day one.
